THIRTIETH YEAR.

McCOOK, RED WILLOW COUNTY, NEBRASKA, TUESDAY EVENING, JUNE 6, 1911.

NUMBER 3.

## 1ST ANNUAL MEMORIAL SUNDAY

Next Sunday Will Mark the First Observance of Memorial Day by the Brotherhood of Locomotive Engineers.

It has come to be a settled policy of orders to observe a Memorial Day in memory of the deceased members of the orders, and in keeping with this policy, the members of McCook division No. 623 will observe this day in the First Methodist church of our city, next Sunday morning at eleven o'clock.

There will be a special sermon by Rev. L. E. Lewis, pastor, and special music by the choir.

All railroad men are invited by the order to attend these services.

### An Anonymous Suggestion.

The Burlington wreck near McCook is the subject of an anonymous letter received by the state railway commission. A letter written on Burlington stationery and mailed on the train between Alliance and Lincoln, addressed to the commission is as follows:

"Wreck east of McCook. Wreck between trains Nos. 9 and 12 on the Burlington. Such wrecks can and should be avoided as follows: Make a law that a railroad company cannot put out meet orders at any siding unless there is an operator on duty and that he must have a copy of the order before such trains start from one direction to the other."—Lincoln Daily News.

### Card of Thanks.

We desire in this way to express our gratitude and thanks for the kindness and assistance shown our dear ones, Mr. and Mrs. H. J. Feekin, who were fatally burned in the Indianola wreck, by the people of Cambridge, McCook and Culbertson, and especially by the members of the A. O. U. W., and the Burlington company and employees.

Mr. and Mrs. M. H. Feekin and family. Mr. and Mrs. Geo. Cappel and family.

Speaking of advertising Nebraska the Omaha Bee says: "Every newspaper in Nebraska is a permanent publicity bureau for the state. These newspapers ask no subsidies, but they are entitled to, and should receive appreciative recognition for what they are doing and substantial support from all other business institutions and members of the community that share in the benefits."

### Odd Fellows Elect Officers.

At their regular meeting, end of week, the Odd Fellows selected officers for the coming six months, beginning July 1st: William Hammett, W. G.; L. A. Fitch, V. G.

Their hall has recently been completely equipped with new furniture, carpets, chairs, etc.

### Mr. Dodge Very Low.

Nels J. Johnson drove over to Marion, Sunday, to see Sidney Dodge, who has been ill for two or three weeks. He reports Mr. Dodge as having had a fourth stroke of paralysis and as being in a very low and serious condition—speechless and helpless.

### By the Car Load.

The McCook Bottling Works does business on the car load lot plan. They have just received a car load of cases and bottles for their business in our city and vicinity. They are heavy shippers of their product.

### Two Late Filings.

Since our last report two more filings have been made for nominations John W. Randal for Democratic nomination for county commissioner; Charles W. Kelley for Republican nomination for county assessor.

### The National Secretary.

Mr. Carl Lehman, the national secretary of the Christian Endeavor society, will be in McCook on Sunday, June 11th, to do some boosting for the movement. Fuller notice will be given later.

### Hand Crushed.

J. A. Rozell had the misfortune to have his hand crushed painfully, end of last week, while working in the Anderson mill.

### McCook Beat the "Braves."

McCook opened the base ball season auspiciously, last Friday, winning from the Arapahoe team by a score of five to three. The local pitcher kept the visitors guessing all the time. McCook fans look forward with considerable enthusiasm for a season of good ball here. The Tribune hopes and expects the locals will come through handsomely.

Debenham and Harmon constituted McCook's battery—and they were 'lulus.

Carhill on third played a professional game.

Debenham and Norman each had three base hits to their credit, and the latter two singles to boot.

McCook had nine hits to her credit; Arapahoe six.

The small attendance can be explained on the theory that the public was not posted on the merit of the local team; it will be different next game.

### Was Rosa Catt.

Mrs. Rosa B. Moore, 826 N. Street, died yesterday. She was thirty-four years old. The funeral will be held from the chapel of Castle, Roper & Matthews, Friday afternoon at 3 o'clock. Rev. H. H. Harmon, pastor of the First Christian church, will conduct the funeral services. Burial will be in Wyuka cemetery. Mrs. Moore leaves three children, Vashti, Charles and Albert, all under sixteen years of age. She also leaves a father, Thomas Catt, living with another daughter, Mrs. H. J. Benson, at 331 South Eleventh street. Mrs. D. T. Richardson, 1208 M street; Mrs. Nora Monroe of Sheridan, Wyo.; Mrs. Mattie Thompson and Mrs. Emma Young of Seattle and Mrs. Chambers of Los Angeles, Cal., are also sisters.—Lincoln Journal, June 2.

POSTAL BANKS TO FIRST CLASS OFFICES JULY 1ST.

Washington, June 5. — Postmaster General Hitchcock has decided to increase the extension of the postal savings system from 100 to 150 offices a week, with at least 1,000 depositories designated by July 1. On July 1 the system is to be extended to first class offices in the large cities, only second class post-

offices having been designated so far. Fifty additional postoffices were designated today as depositories, making a total to date of 450. Superior, Nebraska, is among the number.

Washington, D. C., June 1.—Postmaster General Hitchcock yesterday announced the designation of seventy-four more second class postoffices scattered in forty-one states as postal savings depositories, effective June 27th. The following western offices were among the number: Aurora and McCook.

C., and the Brotherhood of Locomotive Engineers, all attended in a body, the latter having charge of the services both at the church and at the grave.—Lincoln Star.

### Funeral of Fireman Olson.

A large number of friends, neighbors and railroad men crowded the home, the porch and the lawn of the Olson home at 905 Washington street. Rev. H. H. ## THE McCOOK BOTTLING WORKS.

Mr. C. C. Porter, Proprietor.—A Big Enterprise For This Part of Nebraska.

An industry that is growing very rapidly and attracting the attention of the public, especially in the middle-west, is the soda water bottling business. It is a matter deserving of commendation of the press and the pulpit, that ardent or alcoholic drinking is being so universally supplanted in this state, at least by soda water or soft drinks.

It has been conceded by eminent chemists and pathologists of many diseases due to intestinal germs, such as typhoid, etc., and the free use of carbonated beverages—another name for soda waters, is very beneficial as a preventive and a cure for many such ailments.

Mr. C. C. Porter is operating one of the most up-to-date bottling works in the country at McCook. He makes a specialty of cleanliness and neatness, and is putting out a very high grade of carbonated beverages.

He has recently acquired the exclusive bottling rights to Great American Hop Ale and Cherrysip, Hop Ale is a soda water drink, made from the hops, but without fermentation, and of course, without alcohol. It tastes very much like lager beer and would "fool" an expert, but it is perfectly legal in a prohibition state and has been protected by letters patent, issued by the government, the only patented soda water drink in the United States.

Cherrysip is also a soda water beverage, made from the cherry and is an elegant and refreshing drink.

The syrup is manufactured by the American Beverage Co., of St. Louis, Mo., who ship it to Mr. Porter, to be carbonated by his carbonating machinery, and then sold to the merchants and family trade.

Hops are recommended by the medical authorities as being helpful in cases of gout and nervousness, sleeplessness, etc., and as an antidote for the "liquor thirst." Hops are also used in treating delirium tremens, which is brought on by heavy liquor drinking. Therefore, in addition to being a pleasant soda water drink, "Hop Ale" is also a very beneficial beverage.

### Grizzlies' B. & M. Payday.

Yesterday was pay day for the Grizzlies, the Burlington railroad officials acting as paymasters. While the players suffered little themselves in the wreck of Monday, they lost practically all of their personal belongings, Manager Hendricks being particularly unfortunate in the loss of a fine suitcase crowded with valuables and a goodly sum of money.

In the settlement the players' claims were met fully and without unnecessary quibble and it was a relieved crew that settled down for the pitch play of the evening. The amounts ran into considerable sums, while the losses were such that they required immediate replacement.—Denver News.

### Locomotive Boiler Exploded.

By the explosion of a locomotive boiler near North Platte on the U. P., June 2nd, three men were killed. Engineer Warren Kelly of North Platte, Fireman Ralph Smith of Salina, Kansas, Head Brakeman Tad Thompson of North Platte. The engine was blown 500 feet, the fireman 400 feet, the head brakeman 200 feet, and all were badly mangled. The boiler was blown 500 feet and demolished. Six freight cars were piled up, three of them torn to splinters.

The first of the postal savings bank bonds will be issued very soon. Treasury officials have been notified that depositors at many of the banks are turning in their accounts and asking for the new securities. The new bonds will be in denominations of \$20, \$50 and \$100, and will pay two and one-half per cent interest. Any depositor in a postal bank can become a holder of government bonds for the asking.

A Brownie camera should be included in your boy's or girl's vacation outfit. The fun to be derived from one is all out of proportion with the cost. \$1 to \$12. Come and see them.
